

CANADIAN AUTOMATED VEHICLE INITIATIVE

Advanced Cold Research Facility

Our location in Thompson, Manitoba, Canada experiences an average of 222 days per year with temperatures dipping below 0°C (32°F) and up to six months of snow coverage. The extended duration of the cold season empowers testers to efficiently carry out their tasks in a timely manner.

CNIB Foundation

Founded in 1918, CNIB is a non-profit organization driven to change what it is to be blind today. We deliver innovative programs and powerful advocacy that empower people impacted by blindness to live their dreams and tear down barriers to inclusion. Our work as a blind foundation is powered by a network of volunteers, donors and partners from coast to coast to coast
